This was a collection of six different short comedy films.

*Sprite Fright*, is a 10 minute short film where a class camping trip into the woods takes an unexpected turn when the students meet the forest Sprites. The sprites were friendly with them but then they attacked the kids. Salt was the Sprites weakness.

*Sweetie O's*, is a 4 minute short film where a lonely office worker's life takes on unexpected new dimensions and meaning when he rediscovers his favorite childhood breakfast cereal on the supermarket shelf. He ate so much that he threw up.

*Hell of a Week*, is a 2 minute short film where ongoing teasing from his office mates finally pushes our hero over the edge into a rampage of comic revenge. The last time someone threw him a paper airplane, he attacked everybody. But he didn't know it was a note asking him to go have lunch together.

*Going Ape*, is a 4 minute short film where an ape watches video's of other apes doing funny things.

*Animator Creating Animation*, is a 2 minute short film where a naive animator's eager quest for likes on social media does not go as expected but does lead to a happy ending. He creates a friend animation and posts it on instagram, he waits for a long time but no one likes it. His animation comes to life and likes the post. Then they become friends.

*Heatwave*, is a 7 minute short film where a day at the beach turns into sheer mayhem as a bunch of people try to beat the heat. Then a girl pulled a boy into the water and a big wave pulled everyone into the water.
